

DAMAR CHARTER ACADEMY

2012-2013 Performance Analysis

Core Question 1: Is the educational program a success?

1.1. Is the school's academic performance meeting state expectations, as measured by Indiana's accountability system?	
Does not meet standard	School has received an "F" for the most recent school year OR has received a "D" for the last two consecutive years.
Approaching standard	School has received a "D" for the most recent school year.
Meets standard	School has received either a "B" or "C" for the most recent school year.
Exceeds standard	School has received an "A" for the most recent school year.

2012-13 Performance: **Not Applicable.**

The student population that Damar Charter Academy serves necessitates an alternative measurement system in order to effectively evaluate its academic performance.

1.2. Are students making substantial and adequate gains over time, as measured using the Indiana Growth Model?	
STANDARD	Value-added analysis indicates that more than 75%-89% of tested students made sufficient gains.

2012-13 Performance: **Not Applicable.**

The student population that Damar Charter Academy serves necessitates an alternative measurement system in order to effectively evaluate its academic performance.

1.3. Is the school outperforming schools that the students would have been assigned to attend?	
STANDARD	School's overall performance in terms of both proficiency and/or growth is generally as good as that of the schools the students would otherwise have been assigned to attend.

2012-13 Performance: **Not Applicable.**

The student population that Damar Charter Academy serves necessitates an alternative measurement system in order to effectively evaluate its academic performance.

1.4. Is the school meeting its school-specific educational goals?	
STANDARD	School has clearly met its school-specific educational goal.

Not Evaluated. Damar Charter Academy did not have school-specific educational goals to be evaluated for 2012-13.
